

Center Stage Recital DVD Order Form

Thursday, June 10th \$25 for the Solo Show

Thursday, June 11th \$45 for the Aspire Show

Friday, June 11th \$42 for one session or \$47 for both sessions

Saturday, June 12th \$42 for one session or \$47 for both sessions

All DVDs include a behind the scenes video montage. The montage will be taped during dress rehearsal and the Aspire show by Video One Productions, a professional videographer from Chicago. The footage will be edited to a select song and be shown at the beginning of your video. This will be followed by an edited version of the entire performance that you select. Each performance will contain high quality video images as well as stereo audio. This years video will include both close up and wide shots for the Friday and Saturday performances. The Aspire Show will consist primarily of wide shots. Only DVDs will be offered.

To alleviate any confusion, please make all checks payable to Center Stage. Videos should be in by the end of July. Finally, please keep in mind that video cameras will not be allowed during the performance, and the DVDs will be copyguard protected.
